EDUCATION

University College Dublin

Sep 2025 – Jan 2026

Bachelor of Engineering

The Institute of Education

2023 – 2025

Leaving Certificate — 613 Points

EXPERIENCE

AI Development Intern — Arcus Innovation Studios / 360 Social Impact Studios

2026 – Present

- Contributing to projects combining artificial intelligence with social impact initiatives.

Work Experience — Websummit

2023

- Explored multiple fields of work and different work styles during a week-long programme.

Work Experience — Unipol RE (IT Department)

2022

- Developed technical and computing skills while shadowing and working alongside the IT team.

PROJECTS

Eirspace — Rocketry Program

Ongoing

- Building rockets to compete in EUROK; working with SolidWorks, Ansys, Open Rocket.

Movinnit.ai

Completed

- AI-powered web platform simplifying international relocation paperwork. Built with Next.js and Python.

Zenemic

Ongoing

- Event planning assistance app built with React Native, Expo, and Swift.

ExamEasy

Completed

- AI-powered Leaving Cert exam tutor teaching step-by-step problem solving. Built with React, Next.js, Python.

Ventria

Completed

- HIPAA-secured heart monitoring app with Apple Watch sync and AI-powered heart failure risk insights. Built with Swift.

Braile Project

Ongoing

- Interdisciplinary project combining AI agents with electronics/hardware. Using Gemini, Python, Arduino, SolidWorks.

UCDFS — Formula Student

Ongoing

- Working on a student F1 car for Formula Student competition using Ansys and Onshape.

Vex V5 Robotics

Completed

- Competed in Vex robotics, designing and building competitive robots with Onshape and SolidWorks.

Model Jet Engine

Completed

- Built a partially functional jet engine from scrap parts, exploring fundamental physics and engineering principles.

AWARDS & ACHIEVEMENTS

Websummit 2025 Scholar

2025

- Selected for programme granting access to a chairperson ticket valued at €25,000.

Best Engineered Solution — Dukes Schools Competition

2024

- Represented The Institute of Education internationally in London.

Most Creative Design — TEDI London Thinking Ahead Challenge

2023

- Won award for Eco Lotus, a sustainable design solution.

Irish Mathematical Olympiad (IrMO) — UCD

2023

- Selected to participate in the prestigious Senior Maths Olympiad.

BuildSpace Nights & Weekends S5

Completed

- Conceptualized an energy-generating speed breaker design harnessing kinetic energy from vehicles.

SKILLS

Programming: Python, JavaScript/TypeScript, Swift **Web:** Next.js, React, React Native, Expo

CAD/Engineering: SolidWorks, Ansys, Onshape, Open Rocket **Other:** Arduino, Gemini AI, Git, Xcode

LANGUAGES

English — Fluent **Hindi** — Fluent **German** — B2
